## Karaoke

- Yes  No  Yes, but don't "advertise it"  By Request Only  DJ's / experienced singers only
- Please keep in mind if you select experienced singers only, we only have the persons word to go by!  
I love Karaoke, so do many others, but only you can decide if it is appropriate for your event!

Please remember, an average 4 hour event will be approximately 68 songs. Subtract from that number, the dances you have selected on this page, probably about 10, so 58 songs. With that knowledge, attach a separate piece of paper with your specific requests; include the artist's name and song title. Please keep your entire guest list in mind when making your selections! A typical wedding should include music for all the ages you have invited. A typical event will be older dance music earlier and more modern, louder music after the grand march when your older crowd will likely head home so the "kids" can party!

**SPECIAL NOTE:** As a rule, we WILL NOT play songs that could be considered offensive, contains sexually graphic content, swearing, etc... unless you circle IT IS OK TO PLAY POTENTIALLY OFFENSIVE MUSIC – even if you circle this we reserve the right to NOT play it until we feel your guests will not be offended. Remember, there is some very "interesting" music out there that Grandma and Grandpa as well as parents with children would not appreciate hearing. If you want A LOT of this type of music, please do not hire us, we will not jeopardize our name and reputation of providing quality, family oriented entertainment by playing this type of music. We try to play only "radio" releases.

To ensure your song choices are available, please bring a copy of them on CD or in MP3 format on a Thumb Drive or CD which will be returned to you at the end of the event. Every Event is unique. As a result TJ Karaoke and DJ Service cannot guarantee every request will be played due to time constraints and other factors.
